Doug – Below is a tentative agenda for our meeting Monday morning. I also want to mention that the line for our security screening can sometimes be very long.

Agenda Items:

1. Introductions
2. Site overview, including summaries of existing data and future investigation plans
3. Potential remediation objectives and ideas
4. General discussion order on consent
5. Next steps

Unfortunately, no. I cannot be in the office this Friday. If Thursday is not an option, are you available early next week? I am scheduling a meeting with IL Railway the week of June 17th, and I would like to schedule our meeting prior to the meeting with IL Railway, if possible.

Jacque – my client (John Frankenthal) won't be arriving back in Illinois from California until Thursday morning, and he will not be available to meet Thursday. Is Friday a possibility?

I will check with my client. I know he was heading to California today, but I'm not sure when he is returning to Illinois.

Thanks.

Ms. Clark – thank you again for your time on the phone this morning, and for providing me with some background information about the Wedron site. I am writing to confirm your agreement to grant BP an extension until June 14 to respond to the Request for Information dated May 13. I appreciate your courtesy in granting the extension.

As we discussed, it makes sense for BP and EPA to meet in order to discuss the technical and legal issues relating to the Site. You indicated that you would propose dates for such a meeting, after you confer with the necessary EPA personnel. I look forward to hearing back from you.

Subject: Request for Information - Wedron (LaSalle County), IL

Ms. Sharrow and Ms. Clark – BP Products North America Inc. has received the attached Request for Information, and I will be the in-house attorney handling the response. BP was served with the Request on May 15, and, according to the Request, BP's response is due within 15 days of receipt, or May 30. I would like to request a brief extension of time until June 28 to respond to the Request. I also left voice mails for both of you this afternoon about this request.

My understanding is that BP informally provided documents to EPA earlier this year, and there are not additional documents that would be responsive to the Request. However, I need to confirm those facts, as well as prepare the written response to the Request. Accordingly, BP is requesting an extension beyond the May 30 deadline.

Please confirm that the request will be granted and the new response deadline is June 30. If you have any questions or would like to discuss anything, please feel free to contact me. Thank you.
